

## Smart ORL

# The future of urban sustainability

FSEC Advisory Board meeting  
March 3rd, 2017

**Sustainability**

**Resilience**

**Security**

# FOCUS AREA: GREEN ECONOMY

# US DOT Smart Cities Challenge, Dec 2015

**1,400**

local officials,  
companies, academics and non-  
profits joined our webinars

**800**

people participated  
in our Smart City Forum

**300**

companies have  
expressed interest in partnering

**78**

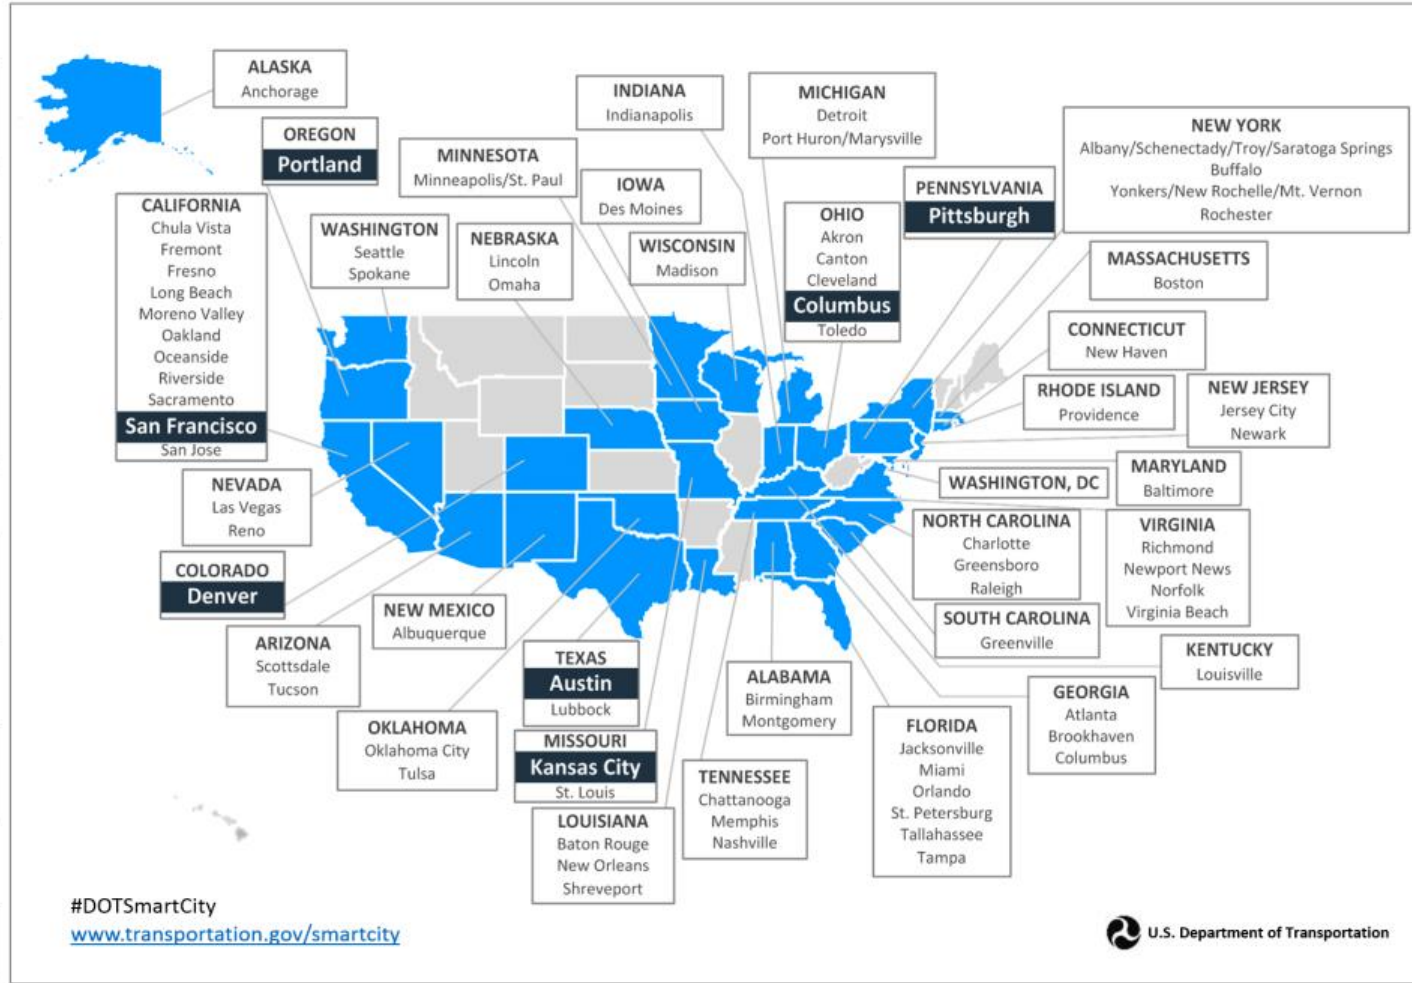

applications  
received for the Smart City  
Challenge

**7**

Smart City  
Challenge Finalists announced in  
March at SXSW

**1**

Smart City  
Challenge Winner announced in June

# How does Orlando define a ‘Smart City’?

- Using *digital technologies* to enhance the livability, workability and sustainability of Orlando.
- Making the critical infrastructure management and services of our city more “**Open**”, **intelligent**, **interconnected**, **efficient** and **continually renewing**
  - Citizen & Visitor Engagement
  - Administration
  - Public Safety (Police & Fire)
  - Built environment
  - Diverse modes of access and mobility
  - Water
  - Energy & Utilities
  - Waste Management
  - Economic Development
  - Inclusion of vulnerable & under-served groups

# Smart ORL

## Leadership Team

- **Orlando Smart Cities Steering Committee**

- Charles Ramdatt, Deputy – Convener
- Chris Castro, Sustainability Director, Co-chair
- Richard Howard, Director of Public Works
- Rosa Akhtarkhavari, Chief Information Officer

- **Orlando Smart Cities Internal Team**

- **Mayor's Office**- Kathy Devault
- **Sustainability** - Chris Castro
- **Facilities & Fleet** - Ian Lahiff, David Dunn
- **Public Works** - Rick Howard, Charles Ramdatt, Jim Hunt, Lisa Henry, Michael Carroll, Scott Zollars
- **Families, Parks & Recreation** - Lisa Early & John Perrone
- **Economic Development (EDV)** – Mike Rhodes
- **Transportation** – Billy Hattaway
- **Information Technology (IT)** - Rosa Akhtarkhavari, Matt Broffman
- **OPD** - DC Orlando Rolon, DC Robert Anzueto
- **OFD** - DC Richard Wales & Keith Maddox
- **Orlando Venues** - Kirk Wingerson

# External Partners

- NASA Kennedy Space Center
- University of Central Florida (MetroLab Network)
- Florida Solar Energy Center (FSEC)
- Florida Department of Transportation (FDOT)
- Orlando Utilities Commission
- Orange County Government
- Orlando Inc. / Greater Orlando Chamber of Commerce
- Economic Development Commission
- LYNX
- Siemens
- Cisco
- Amazon Web Services
- Lockheed Martin
- Harris Corporation
- General Motors
- 20+ additional partners (US DOT Challenge Partners)

# MetroLab Network

- White House initiative launched 2015
- 3-way partnership for Smart Cities R&D
  - **Autonomous & Connected Vehicles**
  - **Solar harnessing for EV's + V-2-X**
  - **Real-time Travel information for all mobility**

# Previous & Current Smart Cities Projects in Orlando

- TravTek In-vehicle Navigation
- ITS (traffic signal priority, AVL, etc.)
- Open Data
- Smart Parking Meters
- Garage Modernization
- Smart Buildings
- Distributed Generation (solar)
- Electric Vehicles
- IRIS and City-wide Surveillance
- Water Monitoring
- Smart Policing Predictive Analysis
- EDIS Route Optimization
- Special Event Management

# TravTek: In-vehicle Navigation Systems

# Smart Waste Management

- **GOAL: Become Zero Waste by 2040**
- Expanding recycling and food waste collection in Downtown core.
- Established 10+ recycling bins at Lake Eola
- Establishing 20+ bins, including Big Belly Solar Trash Compactors in Spring 2017

# Smart Vehicles

- **GOAL: 100% alternative fuels by 2030**
- EV's for City Hall motor pool
- Purchasing EV Motorcycles for OPD
- Testing EV buses for LYNX and LYMMO
- Deploying 150+ EV charging stations around City

# Smart Buildings

- Municipal EE Project
- \$17.5 million municipal bond
  - 110 Buildings Total
  - Phase I – 55 Buildings
- **Goal \$2.4 Million annual savings**
  - Fund future EE investments
  - Pay down bond debt

22 buildings | 1,102 meters | 36 utility accounts

Recently Viewed Buildings

Summary / 2015

- Total Electricity Use: 83.8M kWh
- Total Photovoltaic Production: 2.9M kWh
- Total Water Use: 6.9M gal
- Total Utility Costs: \$2,325,780
- Total CO<sub>2</sub> Emissions: 3,825,710 lbs CO<sub>2</sub>
- Total Gas Use: 8,275,420 ft<sup>3</sup>
- Total CO<sub>2</sub> Emissions: 5,135,456 kBtu

Total Electricity Use / Last 12 months

Total Photovoltaic Production / Last 12 months

Uptime Status / Right now

- Users: 18 online, 2 offline
- Utility accounts: 6 current, 0 outdated

Electricity Budget Tracker

Electricity End Use Breakdown

# Smart Energy: 420KW Solar PV array

# Expanding On-site Solar PV

- **GOAL: 100% Renewable Energy by 2030**
- Solar R&D Platform
- 2+ MW of rooftop PV
- 4 MW brownfield community solar farm

# SolSmart designation

- U.S. DOE recognition program to help local governments reduce barriers to solar energy growth.
- Focuses on the “soft-costs” of solar
- Developed “Roadmap-to-Gold”
  - Planning / Permitting staff training
  - LDC definition of “Solar equipment”

# UCF Digital Smart Grid Lab

- \$750,000 grant
- Partnership with SIEMENS, Duke Energy, OUC, and City of Orlando
- Simulation of UCF electric grid

# US DOT Autonomous Vehicle Proving Grounds WINNER

- 1 of 10 cities nation-wide
- Developed “Central Florida Automated Vehicle Partnership (CFAVP)”
- R&D for new vehicle technologies, including electric, connected, and autonomous vehicles
- Focus on all modes of travel
  - Freight, Transit, Automobile, Bike/ped

# Central Florida Automated Vehicle Partnership

# 2017 Smart Cities Council Readiness Challenge **WINNER!**

Smart  
**Cities**  
Council

- 1 of 5 cities nation-wide
  - Orlando, Miami, Austin, Philadelphia, Indianapolis
- Develop comprehensive 'smart cities' roadmap
- Deploy cutting-edge smart cities technologies

# Smart District: Creative Village / Downtown UCF

CITY OF  
**ORLANDO**
